MBBS / MD / MS
ABOUT KYRGYZSTAN.
Kyrgyzstan officially the Kyrgyz Republic, formerly known as Kirghizia, is a country located in Central Asia. Landlocked and mountainous, Kyrgyzstan is bordered by Kazakhstan to the north, Uzbekistan to the west, Tajikistan to the southwest and China to the east. Its capital and largest city is Bishkek.

The official language, Kyrgyz, is closely related to the other Turkic languages, on the other hand the country is under a strong cultural influence from Russia, being rather Russified. Kyrgyzstan is a member of the Commonwealth of Independent States, the Eurasian Economic Community, the Collective Security Treaty Organization, the Shanghai Cooperation Organisation, the Organisation of Islamic Cooperation, the Turkic Council, the TURKSOY community and the United Nations. Kyrgyzstan has stated its desire to join the Customs Union of Belarus, Kazakhstan and Russia.

The National Bank of the Kyrgyz Republic serves as the Central bank of Kyrgyzstan. The 40-rayed yellow sun in the center of the Kyrgyzstan flag represents 40 warriors of the mythical hero Manas. The lines inside the sun represent the crown of a yurt, a symbol replicated in many facets of Kyrgyz architecture. The red portion of the flag represents peace and openness of Kyrgyzstan.

Introduction:

The Kyrgyz State Medical Institute (KSMA) was opened on 1 September 1939 in the city of Bishkek (formerly Frunze), Kyrgyzstan, with the recruitment of 200 students. The establishment of the Institute was contributed to by the first Moscow Medical Institute, high medical schools of Saint-Petersburg, Almaty, Tashkent and other medical institutions. They provided expertise and organizational assistance, medical guidelines and training books as well as faculty staff.

During the years of its existence, the Medical academy has trained foreign students from more than thirty countries. At present more than 12,000 students are studying at the Medical Institute, including 1,735 students from countries such as India, Iran, Israel, Kazakhstan, Nepal, Pakistan, Palestine, Syria, Turkey, Turkmenistan, the United States, and Uzbekistan. Instruction is in English and Russian.

The Medical Institute awards the degree of M.D. It is accredited, recognised and listed with the World Health Organization (WHO), Medical Council of Nepal, Medical Council of India (MCI), Education Commission for Foreign Medical Graduates (ECFMG) in the USA, IIME and the International Medical Education Directory (IMED), so its degree is recognized all over the world.

This gives institute graduates the ability to continue postgraduate education in other countries in America and Europe.

All clinical hospitals at the Medical Institute are equipped to train students. In particular, all types of diagnostics, thermovision, angiography, endoscopic technique, treatment by hyperbaric oxygenation, laser therapy, and modern efficient methods of detoxication are taught.

Food is served three times a day i.e., Breakfast, Lunch and Dinner. High Standards of taste, quality and hygiene are maintained here. The timetable of the Mess is adjusted in accordance with the educational timetable of the students.
Introduction:

INTERNATIONAL SCHOOL OF MEDICINE (ISM, 2003) is an international higher educational institution, is a structural unit of IUK, created to train medical specialists for foreign countries, conduct medical research, in cooperation with leading health centers of the country and provide high quality medical services to the population of Central Asia.

ISM was established on a special resolution of the Kyrgyz Government. The Kyrgyz Government’s resolution dated February 5, 2004 introduced ISM into IUK, which is one of Kyrgyzstan’s top universities highly rated for its substantial experience in training of foreign citizens.

About City:

The IUK is located in Bishkek - the capital of the Kyrgyz Republic. Building of the IUK is one of the oldest and most beautiful buildings of Bishkek that is located on a central street of the city. In addition to Bishkek Campus, the university has three campuses which are located in the following cities: Osh and Jalal-Abad (southern region of Kyrgyzstan) and in Karakol city (Issyk-Kul region of Kyrgyzstan).

Kyrgyzstan is one of the Central Asian republics ordering Kazakhstan, China, Tajikistan and Uzbekistan. The International University of Kyrgyzstan (IUK) was created in March 1993 by a decree of President of the Kyrgyz Republic (State license No 039) that gave the University a status of international higher education institution. The founders of the IUK are the Ministry of Education, Ministry of Foreign Affairs, National Academy of Sciences and San Francisco State University (USA). In short period of time the IUK has become one of the leading higher education institutions of Kyrgyzstan and Central Asian region. The IUK awards diplomas of state standard.

In 2001 the IUK has entered to the list of 30 best universities of the commonwealth of Independent States. The modern healthcare model of Kyrgyzstan maintains positive qualities of the earlier soviet system and also enjoys the experience gained by the advanced countries of the world.

We apply training techniques that make it possible for students to develop problem-solving skills, learn how to get information independently and improve abilities to assess new information critically. We are confident that wide access to clinical settings, work with patients, and participation in surgeries will help students develop good clinical skills and
